

REMARKS

Claims 1-51 are now pending in the present application. As indicated in the Amendment filed June 17, 2004 Applicant has added claims 46-51, however these claims were inadvertently omitted in the previously filed Amendment.

These new claims are supported at least in Figs. 20A-20C and 22E. Claims 46-51 are patentable at least by virtue of their dependency to patentable claims for the reasons set forth in the June 17, 2004 Amendment. Therefore, entry and consideration of this Supplemental Amendment is respectfully requested.

Applicant acknowledges the Interview Summary mailed from the PTO on July 12, 2004, summarizing the telephone interview held on June 16, 2004. Applicant respectfully submits that the Response filed on June 17, 2004 addressed the points raised in the Interview Summary.

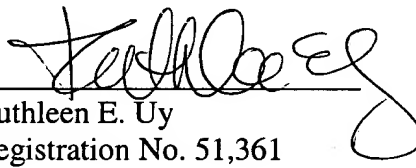

In view of the above, reconsideration and allowance of this application are now believed to be in order, and such actions are hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, the Examiner is kindly requested to contact the undersigned at the telephone number listed below.
